Drs. Delk and Wood's practice was wonderful from the time I stepped into their reception area to the time I left. Everyone was friendly, courteous and professional. Paige made me feel very comfortable along with Dr. Delk himself. They both explained everything they were doing along with giving me, what I feel, was a very good oral health appointment. Even though this was my first visit, I would definitely recommend this practice.

A visit to Delk & Wood Family Dentistry is like getting together with old friends, only you leave with the bonus of clean teeth and the knowledge that everything has been done to ensure that you have a healthy and happy mouth! These are good, honest people who care about you and your family. We told our new neighbors (parents and three kids) from the UK about Delk & Wood Dentistry more than six years ago. They are still happily going there too -- and I've actually noticed how great their smiles look now!

Wonderful experience all around! Before visiting Dr. Delk my 4 year old had been so fearful during his office visits at another practice that they could barely brush his teeth and he would cry the entire visit. Kelly, our new favorite hygienist, spent an hour with our son introducing him to the tools and playing cars before even looking in his mouth. I was amazed when he gladly let Kelly brush his teeth and Dr. Delk perform his exam. Our son left with a huge smile and a new attitude towards going to the dentist altogether. I could not be happier with our experience.

Doctors Wood and Delk and their team have created such a warm, family atmosphere at their dental practice. I feel welcome as soon as I come through the door. They combine this genuineness with top-notch, leading-edge dental care. My husband and I have been patients of Dr. Wood for more than 30 years. We completely trust his professional advice and opinions. He has come to the rescue when our family has had "emergency" dental problems in the past, and has quickly remedied the situation, calmly, professionally, and with his always-present kindness, and caring nature. You can easily tell that Dr. Delk is a relative of Dr. Wood, as there is that same dedication -- both to the practice of dentistry, and to his patients. In fact, the entire staff at Delk & Wood Family Dentistry -- the hygienists, administrators, -- everyone -- is truly talented, and equally nice. We recently recommended Delk & Wood to our new neighbors, and they (the neighbors) thank us every time we see them.

I love all of the staff at Delk & Wood. Linda is always professional, pleasant and fun; Paige, my dental hygienist, is very skilled at what she does, and has always made me feel very comfortable when cleaning my teeth; and I know I am in really good hands with Dr. Wood, who is an excellent dentist, and I have always been happy with his care. While Dr. Wood takes his job very seriously, he has a true gift of gab and is able to laugh and joke, making the overall dental experience a really good one.

Review for Richard Wood

I have experienced excellent dental care with Delk and Wood for almost 20 years. All of the dental work has held up beautifully over time which is the highest recommendation one can give! The office staff is extremely well trained and my care has always been dealt with in a personal way. I might add that I have never experienced discomfort or pain and a follow up call has been made to be sure I was ok the day after a procedure. In addition to the dental work the hygienists are tops. The Front desk always is friendly, helpful and welcoming. I hope Drs Delk and Wood will be there for me for my next 20 years:)

Review for Richard Wood

I have been a patient of Dr. Wood's for about 35 years. I have never had a bad experience with him or his staff. They are all very professional and friendly. Over time you really get to know them. I have known some of the employees the entire time I have been going there. Dr. Wood is great! He always explains everything he is doing and every procedure I have ever had has been pain free!

Review for Campbell Delk

Everyone in the office is great. They deliver professional service but treat you as a friend. I have been going there since 1989 and have never considered changing to another dentist.

Review for Campbell Delk

I now live in Cary and still drive to Richmond to have Delk and Wood meet my dental needs. Often (as in my last visit), I have to come to Richmond on short notice for other reasons. The wonderful office staff at Delk and Wood are very accommodating and always seem to be able to make arrangements to squeeze me into their busy calendar. Thank you! Gail Fuller

Review for Paige Rich

Delk & Wood Family Dentistry is a standard dentist office. The staff is professional and friendly and I have been a patient for years. I can't speak to how they compare with other dentist offices as I have not been to another in recent memory.

I rate my experience a 10 as always. I've already recommended a few friends to check the practice out and they love it as well. I have been a patient for many many years and now I have my children as current

patients. I live in Chesterfield County and will ride by many dental offices to see my favorite crew. Continue to do what you do!!!!
